BULLETIN

Re: Strata LMS 3963 - "VENUS"
Location: 1239 West Georgia Street, Vancouver
Incident: Water Damage
Incident Date: 23 September 2011

PROGRESS UPDATE

Following the previous progress update letter of 26 October 2011, we are now able to confirm that all three restoration contracting firms, and their crews, have completed the inspection reviews of the units and common areas.

For everyone's confirmation, the tendering of final repairs is being undertaken by the following:

- ❖ On Side Restoration
- ❖ First On Site Restoration
- ❖ Belfor Restoration

The submissions of these bids are required no later than Wednesday, 09 November 2011. Immediately the bids are to be examined for comparison and accuracy. Barring any unforeseen issues a decision to be announced within 48 hours or sooner.

Thank you very much for working with us through this process.

Regards,

S.J. Kernaghan Adjusters Ltd.
